Work :

Body of the poncho :

Cast on 190 stitches. Work 8 rows in wheat stitch, beginning every row (RS and WS) with 1sl, and finishing every row with k1.

First part :

R9(right side):1sl, 8sts in wheat stitch (from row 1 of the first page),M, work the next 172 stitches in textured stitch diagonally to the left (from row 1 of the first page),M,8 stitches in wheat stitch (from row 1 of the first page),finish row with k1.

R10, 12, 14, and 16 (wrong side):1sl, work the following 188 sts as they appear, while sliding your markers when they appear, and finish row with k1.

R11: 1sl, 8 stitches in wheat stitch (from row 3 of the indications on the first page), M, knit the next 172 stitches in textured stitch diagonally to the left (from row 3 of the indications on the first page) , M, 8 stitches in wheat stitch (from row 3 of the indications on the first page), finish the row with k1.

R13: 1sl, 8 stitches in wheat stitch (from row 1 of the indications on the first page), M, knit the following 172 stitches in textured stitch diagonally to the left (from row 5 of the indications on the first page) , M, 8 stitches in wheat stitch (from row 1 of the indications on the first page), finish the row with k1.

Repeat rows 9 to 16 inclusive until the total height is 42 cm, i.e. 10 repetitions of rows 9 to 16 inclusive.

Second part :

Begin knitting row 9 as before, ending at the 105th stitch (included).

Take a second ball and knit the end of the row with this second ball.

Begin row 10, and when the "cut" ends, take the initial ball and knit the remaining 105 stitches.

Proceed like this for all rows and repeat rows from 9 to 16 inclusive 14 times for this second part.

The space will be use to create the collar , the stitches will be picked up to knit it in a second step.

Third part :

When the 14 repetitions of the second part are done, repeat a row 9 using the first ball until the end of the row. The second ball can be put on "hold" (if necessary fix it with an elastic so that it does not unwind during knitting), or the thread can be cut at about thirty cm if it hinders in the evolution of your work.

For this part, do 10 repetitions of rows 9 to 16 inclusive. When it's done, make 8 rows of wheat stitches and loosely bind off all sts by knitting them on the right side row.

Cowl :

Pick up 224 stitches around the neck from where the balls were separated (112 on each side), put a stitch marker to indicate the start of the round and start knitting in the round:
