

JUST A TOUCH OF LOVE  
\*EVERYDAY\*

Robert Clivilles SISTER ACT 1

One, two, three, hit it!  
Just a touch of love (bis)  
Just a touch of love (bis)  
Love has been on my mind  
For sometime now  
But you've been the missing link  
Never thought it would happen  
All this stuff made me think  
That love is not for keeps  
All I want is your touch  
(So, come a little closer)  
Once is never enough  
Like a bird in the sky  
(your love has got me flyin')  
Like the stars in the night  
(beautiful)  
Just a touch of love (bis)  
Just a touch of love (bis)  
Music will light the fires of romance  
So, dance with me forever  
You've gotta grab down a lover  
Someone to discover  
That just a touch of love is all I need  
All I want is your touch  
(So, come a little closer)  
Once is never enough  
Like a bird in the sky  
(Your love has got me flyin')  
Like the stars in the night  
(Beautiful)  
Just a touch of love (bis)  
Just a touch of love (bis)
